Dear Sir

### **Guildford Society – Guildford Local Plan Hearing Statement**

I am pleased to attach the Guildford Society's local plan hearing statement in duplicate. We will also submit these documents electronically.

We have endeavoured where possible to be as objective and dispassionate as we can, and we are a group of amateurs with plenty of experience of architecture, planning, development, economics, design and heritage, transport, communities and Guildford.

We note you have recorded us as presenting at the hearing under issues 1 and 9.

The Guildford Society has held several public meetings to help explain to our members and wider public about the various evidential documents and consultations, and feedback from those sessions have informed our responses to each successive, respective consultation:

- A. 2013: Issues & Options Consultation Response <http://wp.me/p3KMTD-6M>
- B. 2014: Regulation 18 Consultation Response <http://wp.me/p3KMTD-dG>
- C. 2016: Regulation 19 Consultation <http://wp.me/p3KMTD-mH>
- D. 2017: Regulation 19 Consultation

We trust that these documents have all been made available to the Inspector as part of his preparation for the Examination in Public, as we have attempted to avoid being unnecessarily repetitive.

Please do let me know if you need any additional information from us.

Yours faithfully
